“ I love you Aunt Betty, it makes me sad to know you have passed on, but like Jay said.....we know where you are and we'll all be together again one day in a better place than here on earth. There is comfort in knowing you're at peace now, no more suffering or pain, and we know you're happy to have your arms around Dave again after so many years and to be back with family and friends that have gone on before you.
