“ Gerald you will always be in my heart, you were a good friend, and husband. You were my first love. Our lives went in different paths but I have always thought of you and your family. Be sweet and I pray God keeps you by his side. Everlasting light be with you.

“ Gerald was the love of my life, we have known each other for four years. He was a man of many talents, and lived life to the fullest. Gerald and I loved each other a lot and we had planned to have a good life together, but Gerald being the man that he was he wanted to stay with his mother in her last days here on this earth. I really respect him for that, there's not too many men that would do that. We were happy with how our life was together. Gerald loved to teach, go to movies, eating out, taken trips. This past November Gerald and I took a cruise to Mexico and had one planned for this May. We had plans to travel, He wanted to show me the world. Take me to places that he has been to and to places he and I could see for the first time together. Gerald was my soul mate and the love of my life. My life will never be the same with my heart gone, but I will always remember him and in time these tears will turn into smiles when I think of him. Rest in peace my love.

“ Gerald I love you and I will always miss you. I have only known you for four years. In those years that we were together I can say that they have been the happiest years of my life. You showed me how good life could really be. I have tried foods that I wouldn't have ever thought of eating, been places I would have never gone to and you made dreams come true. The most important of it all was I found out what true love really was. You my love was my true love, my sole mate Gerald you were my life. This earth will never be the same without you. This world has truly lost the best man that has ever lived. I will Love You For Ever. I Love You
